CYCLOPS

An aerial photograph of the North Georgia College campus in Dahlonega, Georgia. The campus is situated on a hillside, featuring several large, multi-story buildings with light-colored facades and dark roofs. A prominent building with a tall, dark steeple stands out among the other structures. The campus is surrounded by a mix of trees and open land. In the background, rolling hills and mountains are visible under a sky filled with large, white clouds. The overall tone of the photograph is sepia or aged, giving it a historical feel.

NORTH GEORGIA COLLEGE

Dahlonega, Georgia

MRS. J. C. SIMONS

DEDICATION

Because of her understanding, patience, and sympathy for all of us, we wish to express our love and appreciation to Mrs. John C. Simons. Those who have been privileged to sit in "Ma" Simons' English classes will long remember her unique manner of reading the classics.

To one who is very dear to the heart of each cadet and co-ed at North Georgia College, we gratefully dedicate our 1954 *Cyclops*.

The New Men's Dormitory

The New Men's Dormitory has yet to receive its name. It is now under construction and should be completed in the near future. The blue prints call for two wings of the latest modern architecture. Upon its completion, it will be one of the prettiest structures on the campus.

The Gym

The scene of various athletic and social activities is the college gym. This is an important center of college-life, since most social functions are held there—including dances and basketball games.

Price Memorial Hall

Price Memorial Hall, which stands on the foundations of the old Government Mint, is named in honor of the founder of North Georgia College, William C. Price. This historic building contains classrooms, faculty offices, the Bookstore and the ever-popular Canteen.

The Library

The College Library, centrally located on the campus, contains 25,000 volumes of refined reading material for the use of the students. It is headed by two capable librarians and several student assistants.

The Business Administration Building

The B.A. Building daily serves many of the students at N.G.C. The two-story building, well equipped with office machines and typewriters, has its setting across from the Academic Building. Many students gather here daily to attend the various B.A. classes.

Academic Building

The Academic Building, stately and tall on the college hill, is a historic building on the campus. Its present duty is to accommodate the administrative offices of the institution as well as classrooms.

Dining Hall

The favorite meeting and eating place of the campus is the college dining hall and auditorium. The cafeteria, which is headed by Miss Louise Todd, dietitian, serves delicious meals daily. The auditorium, constituting the second floor of the building, provides a meeting place for movies, chapel, religious services and other entertainments.

Lewis Hall

Lewis Hall, named in honor of North Georgia College's first president, Mr. David Lewis, and his daughter, Willy, who was incidentally the first female graduate, is the most recent addition to the campus buildings. This beautiful structure is perhaps the most popular building on the campus; for somehow the cadets of North Georgia seem to find their way, rain or shine, to see their "favorite gals"!

Home Economics Building

The Home Economics Building, a large two-story building, contains adequate kitchens, laboratories and social rooms. It is equipped throughout with new and modern kitchens and laboratory furniture. Furthermore, it serves as an adventure to many "prospective housewives," who are here to learn the difficult task of being good homemakers.

The Barracks

The Barracks, having been recently remodernized and painted, is one of the oldest dormitories on the campus. This large structure is equipped throughout with all modern conveniences and house Able and Dog Company.

The Band House

The oldest campus dormitory for men is the Band House. This building conveniently faces the front of the campus. We are often serenaded by the talented members of the band when they entertain us by playing their instruments from their front porch.

The Military Building

The Military Building, a gift of the Federal Works Agency, accommodates the Military Department. It not only contains classrooms and an auditorium, but also offices for the military personnel.

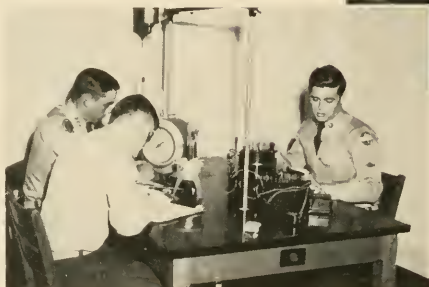

Sanford Hall

Sanford Hall, the abode of "Charlie" Co., is conveniently situated in the center of the campus. It is a comfortable haven of rest for the weary student at the end of a long and hard day of college activities.

Science Building

One of the most beautiful buildings on the campus is the Science Hall, a three-story, fireproof, brick and concrete building. The Science Hall accommodates the departments of biology, chemistry and physics.

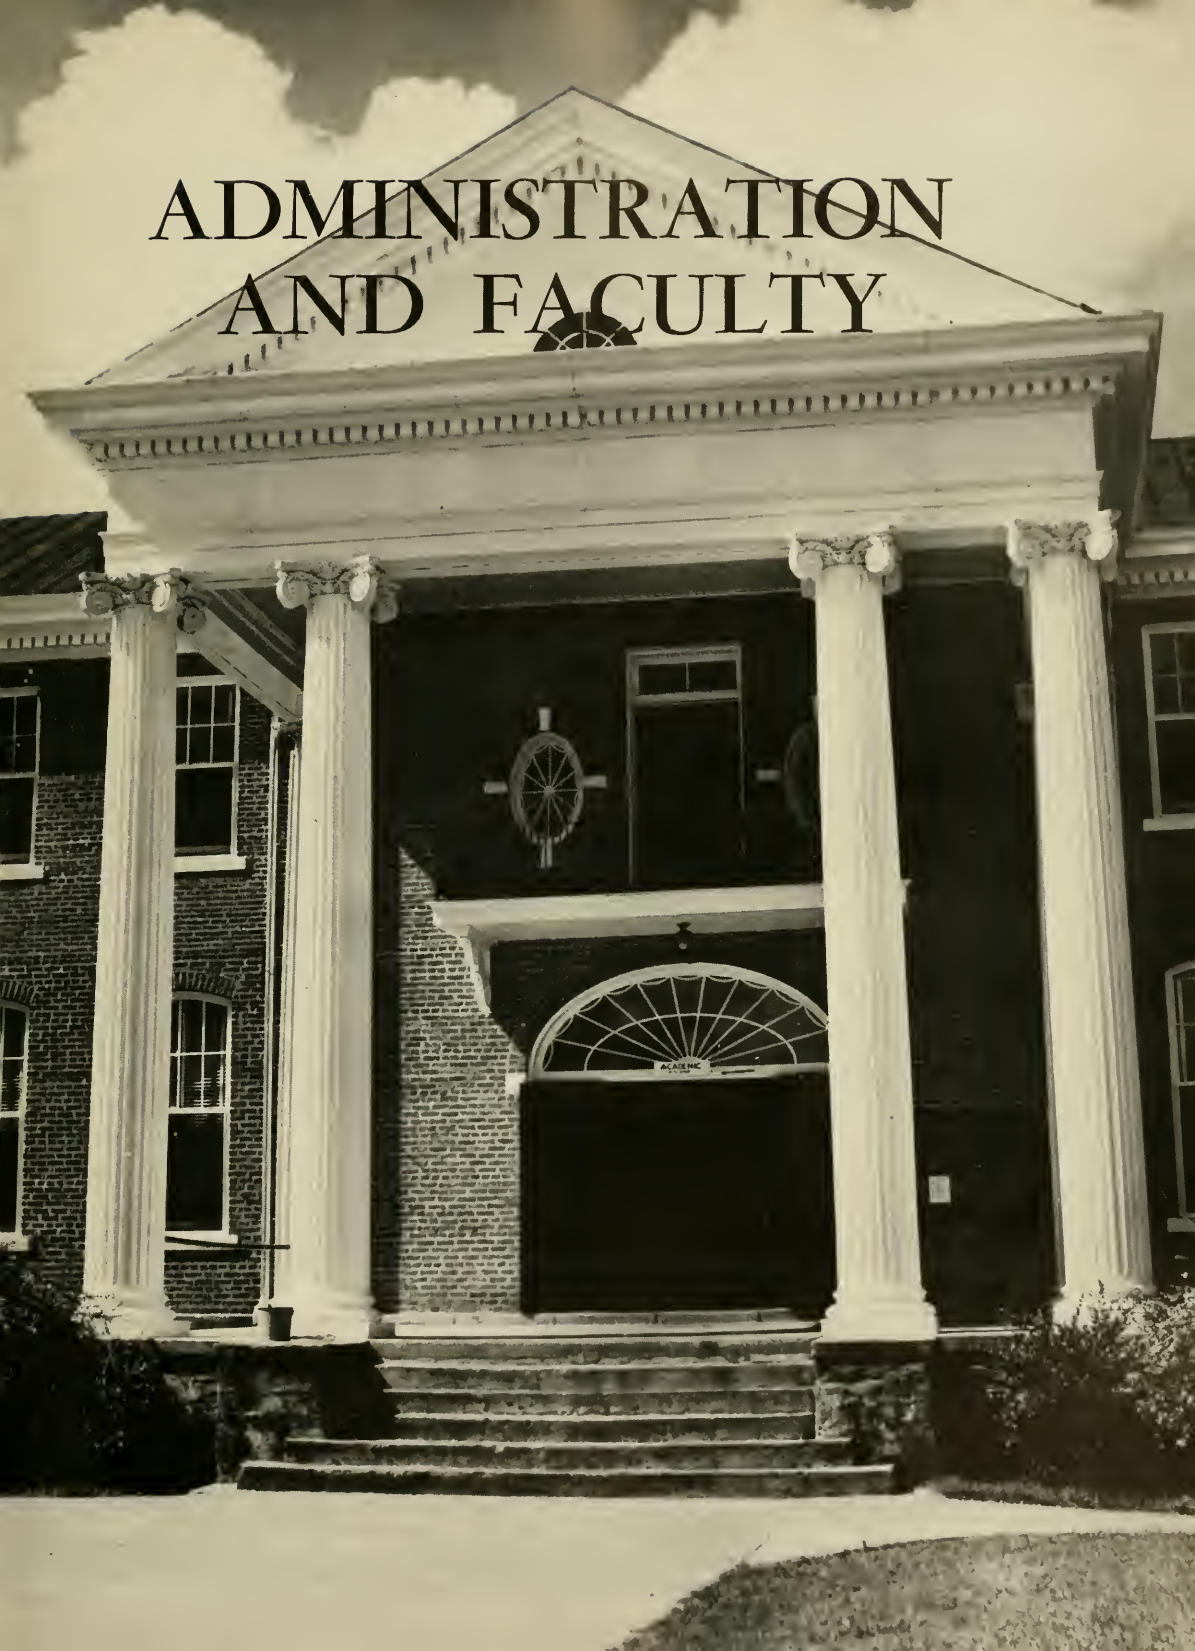

Barnes Hall

Barnes Hall, which is named in appreciation of the continuing services of Professor John C. Barnes, is one of the newer and better dormitories on the campus. The three-story residence hall houses the Battalion Staff, Baker Company and the Fenster Lounge.

ULTY

DEAN J. C. SIRMONS

READ IN ASSEMBLY OCTOBER 1, 1953

A man has passed away at North Georgia College which leaves a lonely place on our campus. Dean J. C. Sirmons has gone to his heavenly inheritance.

Christianity is a triumphant thing. Sometimes when the heart is lifted on the wings of song we feel it. Under the spell of a great speech or sermon we feel it again. And the truth sweeps over us in great tides when we look upon a life like that of Cy Sirmons. Christianity IS a triumphant thing!

I was on the way to the college when the news came to me of Dean Sirmons' passing. I am at that stage in my own journey when I cannot afford to lose friends. Sometimes when we look over our shoulder and see good friends passing away into the shadows beside the road, then we feel a loneliness as we go on under the burden of grief. Sometimes you think life is hard, even evil. Then, if you have the sort of faith that made Dean Sirmons' life shine in the stars, you realize that they have not simply dropped into the shadows, but have passed from the light—through the night—into the light as God promised. This assurance strengthens you, and girded with this great truth, you lengthen your step, fix your hand a little more firmly in the hand of God, and keep working toward your own bend in the road.

I have seen many alumni and friends of North Georgia College both here and in other parts of the State. Wherever I go, people ask, "Do you know Cy Sirmons? How is Dean Sirmons now?" School teachers have remarked upon his great sense of humor. Some have said, "He helped me with a smile and a good story when I felt awfully blue." Rich, poor, girl, boy, man, and woman found in him a sympathetic friend.

Cy Sirmons was a man whose halo was unstained and who well found it easy to exchange the royal robes of earthly servant for whatever spotless garment God provides for those who pass under the shining arch. The world is a better place because J. C. Sirmons lived on the campus of North Georgia College for a score of years.—By Will D. Young, Dean.

HAROLD GLEN LONG
Dahlonega, Georgia

Although born north of the Mason-Dixon line in Akron, Ohio, Harold soon migrated South to the town of Dahlonega in the state of Georgia. From the path he has worn to the Science Building, we quickly gather that his main interest is in the field of science—Biology as a matter of fact. An active member of the Science Club, the Officer's Club, Harold was awarded a Good Conduct Ribbon. Aside from being a member of the Honor Platoon, his name could also be found among those on the Dean's List. He receives his B.S. Degree in Biology.

ROBERT B. LONGINO
Atlanta, Georgia

"Lon" is one of the many that hail from Atlanta. His sparkling personality and calm manner has made many friends for him during his stay at N.G.C. "Lon" is known for his outstanding runs on the football field. A real true confederate, Bobby considers it an honor being in Charlie Company. In spite of his devoted activities elsewhere, Lon still found time to belong to the Business Administration Club, the N.C.O. Club as former president, Honor Platoon, and Officers Club. As a Captain, Bobby receives his B.S. Degree in Business Administration.

LESTER LEE LUTTRELL
Macon, Georgia

This man of distinction has had his finger in almost every pie at N.G.C. While in office as President of the B.S.U., Lester was elected the State Treasurer. The N.C.O. Club and the YMCA also trust their money with the ever popular lad from Macon. A Dean's List student for four years, he also found time to participate in the Glee Club, the Honor Platoon, Intramural sports, Officer's Club, the Cadet Bugler Staff, and the Cyclops Staff. Lester was voted Vice President of the Sophomore class, Who's Who at N.G.C., as 'Most Intellectual' and 'Most Likely to Succeed.' As a cadet Captain on the Battalion Staff, he will receive his Bachelor of Science Degree in Biology.

MARION C. MATHEWS
Gainesville, Georgia

"Say now, that's allright!" These words characterize our Marion. Talented, dependable, and ever-active, Marion has served as a soloist for the Glee Club, Treasurer and Cabinet Member of the Y.W.C.A., member of the Trahlytan Team in the REC Club, Treasurer of the Wesley Foundation, and member of the Business Administration Club for four years. Marion has been elected the Band Sweetheart for 1954. A Dean's List student, she receives a B.A. Degree in Business Administration.

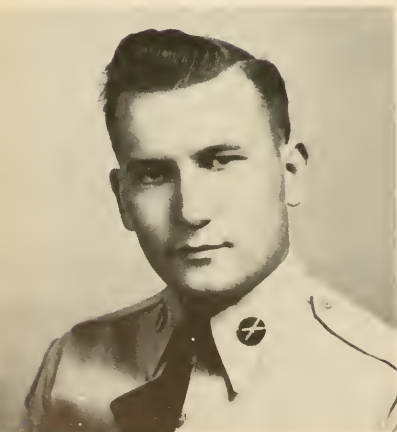

PATSY MEADOR

"Whee!!" Give a great big giggle and we're off on our friendship with "Pat", who's the most fun in the world. During her stay at N.G.C., "Pat" has been active in the YWCA as a cabinet member and as President in 1953, the Wesley Foundation as Worship Chairman and then President, the REC Club as a member of the Phi Omicrons, the F.T.A. HAROLD NICHOLS

He received honorable mention in Mathematics, his major, at commencement of 1953 and 1954. He served as Cadet Captain of the Battalion Staff and was among those students elected to Who's Who in American Universities and Colleges.

WILLIAM P. MCWHIRTER
Royston, Georgia

"Ole Mac", as the boys in Able Company called him, was the pride of the N.C.O. Club as a corporal. Representing his native home town of Royston, he chose to follow the "Field of opportunity." A member of the Business Administration Club, Mac was always ready to come to the aid of his fellow man. He receives his Bachelor of Science Degree in Business Administration.

ROGER L. NORMAN
Jacksonville, Florida

Roger came all the way from Florida to perfect his "archery". Nicknamed 'Chrome Dome' by his buddies, he devoted his time to the N.C.O. Club, the YMCA, and the Business Administration Club. Roger receives his Bachelor of Science Degree in Business Administration.

FRANKIE PATRICIA POWER
Marietta, Georgia

Girls, look forward to the day when "Tricia" returns to N.G.C. in her next life, for she'll certainly return as Commandant of Women, and we will all see some changes made! In Lewis Hall she was President. 'Tricia' has also served as Secretary for the Wesley Foundation in 1953, as a member of the Rifle Team, as Secretary of the Future Teachers, as a reporter on the Bugler Staff, and in the REC Club she was a member of the Trahlytan Team and Treasurer in 1953. Elected to Who's Who in American Colleges and Universities, our Patricia receives a B.S. Degree in Elementary Education.

BETSY PARADISE

During her stay at N.G.C. she was Band Sweetheart, *Cyclops* Queen, Battalion Sweetheart, and a beauty queen. Betsy was also a member of the Science Club, Hippolytan Team, and on the "Y" Cabinet. She receives her Bachelor of Science in Biology.

JAMES ROBERT PIERCE
Eton, Georgia

By far one of the most liked from Able Company with his cool manner and likable personality, "Footsie" has been a tremendous inspiration to many while participating in Intramural sports, the N.C.O. Club, and President of the Rex Fraternity. "Footsie" receives his Bachelor of Science Degree in Business Administration.

JAMES E. SKRINE
Griffin, Georgia

From his first day here at North Georgia, James has captured the respect and friendship of his fellow students. "Jim" was outstanding among the cadet corps, as he was listed among the distinguished military students, company commander of "A" Company, and a member of the Officers' Club. He also found time to fire on the varsity rifle team in between going to Sigma Theta and Business Administration meetings. James also was a member of the N.C.O. Club, receives his B.S. Degree in Business Administration.

HAROLD M. STANTON
Macon, Georgia

"Bill", is a graduate of Charlie Company, served on the Battalion Staff as a 1st Lt., which entitled him to the membership of the Officers Club. Nancy has long since been one of the most popular co-eds at N.G.C. Her beauty has awarded her many returns as she was selected as Cyclops Queen, Harvest Queen's Court, Battalion Staff Sweetheart, and Cyclops Beauty section. An active member in the Home Economics Club, she was elected to head it as President. Also among her favorite pastimes are the Y.W.C.A., Girls' Rifle Team, Glee Club, and the REC Club as a Hippolytan. Among her political works we find that Nancy held the office of Secretary in her Freshman and Senior years. As much spare time as she could find was devoted to serving as Exchange Editor and on the Art Staff of the Cadet Bugler. Nancy receives her B.S. Degree in Home Economics.

THOMAS CLYDE STOCKS
Dalton, Georgia

One of the greatest contributions that Dalton has made to N.G.C., Tommy can always be found with a smile on his face and willing to help anyone in trouble. He served as President of the Business Administration Club, Treasurer of the Officer's Club, and a member of the Varsity Baseball Team. Aside from being selected as a distinguished military student, he also participated in Intramural sports, the Y.M.C.A., and the N.C.O. Club. Tommy served as Battalion Adjutant on the Staff, before receiving his B.S. Degree in Business Administration.

WILLIAM ALBERT THREKELD, JR.
Albany, Georgia

Named "Threck" by his buddies in "C" company, we find no other student to compare with his studious efforts to become a doctor of medicine. A member of the Science Club, as Vice President, the Chemistry Club, the Letterman's Club, and the Physics Club, Threck has really devoted much of his time to these worthy causes. A constant member of the Dean's List, he receives his B.S. in Chemistry.

Among her other accomplishments, she earned a varsity intramural sweater and letter. Lou receives her B.S. Degree in Physical Education.

ROBERT E. WATERS

A standout from Rome is our friend Bob. His ability to "win friends and influence people" has made his stay at North Georgia a very commendable one. Also an Honors List student, he was one of the few to be a member of honor company in his freshman and sophomore years. He receives his Bachelor of Science Degree in Biology.

JOHN P. WALLIS

The *Cadet Bugler*, published quarterly at North Georgia, has a fourfold purpose in providing an outlet for student expression, keeping a record, giving prospective students a preview of life at N.G.C., and keeping alumni informed on the college's activities.

The *Bugler* has been enlarged in size this year, and the circulation, more than half of which is off-campus, has also increased.

The publication has been highly successful in obtaining new goals because of the interested efforts of an able staff and competent faculty advisers.

Goose doesn't look too pleased.

The Freshmen squad enjoyed a much more successful season than their big brothers, by racking well over half their games. They ran up a five game win streak at one time, before losing to a tough Truett-McConnell five.

Some of the outstanding Frosh who will be looking for varsity berths in the future are Dewayne Patrick, Buck Bourne, James McNew, Billy Moore. "Whip" Wilson.

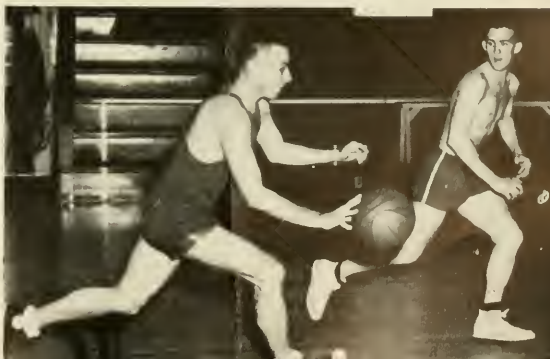

Although having several of the top members of the team dropped early in the season because of grades, Coach Williams always managed to find ample replacements in the last minute, to put on a fine show.

"A" lines up against "D"

"Big A" continued their supremacy of the gridiron, this making the fifth straight year that they have either won or tied for the Intramural Championship. Paced throughout the year by team Captain Ronnie Duncan, Frank Lee, Jim King and Dick Coulter in their famous single-wing attack, Able threw up a devastating offense that overran all opponents, with the lone exception of Baker Co. in the last game of the season after the championship had been clinched.

Ray Hattaway, Richard Coleman, Ed Dickson, Tom Davis, Horace Kelley, Don DuPree and "Footsie" Pierce anchored a talent-laden line that was a rock on defense, yet able to open gaping holes in the opposing lines in offensive situations. Reserve strength was one of Able's most potent weapons, without which this success story could never have been written.

Baker Company, after a very poor showing in 1952, rose to unexpected heights in 1953 under the expert coaching and field leadership of Homer Hefner.

The Bakers dropped only one game and tied one to come in second in the standings. "B" took "C" in the first game of the season 6-0 in a hard fought contest, then tied "D" in the game which eventually knocked them out of a tie for the championship. A 15-7 loss to Able without the services of star Quarterback Dewayne Patrick, a 20-0 win over "D", and a win over "C" brought big "B" to its climatic game with the all-winning Able powerhouse. In a magnificent display of top-notch football, "Baker" finally eked out a hard-earned, but well-deserved 7-0 victory in the last minutes of the contest. "B" hopes to take top honors next year with the loss of only a very few of its top-flight players.

Drop him, Schloss, here comes Patrick!

With the loss of many of the stars of the 1952 powerhouse which placed second in the final standings Charlie Co. carried the field on their capable shoulders this season under the leadership of coaches Buck Warren and Jesse Way while rebuilding the team for next year. "C" dropped its first game to "B" 6-0 although giving a very creditable performance throughout the game, the second was a 45-6 bumping by the mighty Marauders of "A" Co. In the third contest Charlie held "D" to a 6-6 tie with a 30 yard Threlkeld to Weems pass as the scoring factor, "C" then dropped one to "B" and forfeited to "A" with most of the team on the injury list. The last game with "D" appeared to be another tie, but an intercepted pass in the final seconds of the game lost 6-0 for the Cracker.

With many returning stars from this season, "C" hopes to again be back in the thick of things next time when the whistle blows for the first round.

With many returning lettermen from last year's squad and the loss of a few iron men, including coach Sparky Watts, the Doggies started in where they left off last season, but were turned back in where they left off last season, but were turned back in the opener 25-0 by Able Co. Still no success showed to the charges of Coach Joe Hope as they tied Baker Co. by the score of 6-6 on one weekend and C Co. by the same marks on the following weekend. They again fell to the mighty Marauders of Able Co., then to Baker by a score of 20-0, before snapping out of the streak by nipping Charlie 6-0 in the final contest of the season. Dog loses much hefty talent this year but expects to be back with a host of stars next year including QB Louis Bullard, an irreplaceable mainstay in the Doggie Lineup.

Bullard tosses just head of Adkins.
